**You're Invited to
Greene Street Friends School's
Costa Rica Dinner**

Durante trece años se ha llevado a cabo el programa de intercambio a Costa Rica fundado y dirigido por Sandra Rodríguez, nativa de ese país. El programa fue iniciado con el fin de integrar el idioma español, ciencias, servicio voluntario y los estudios sociales. Los estudiantes de séptimo año de nuestra escuela viajarán a Costa Rica en la primavera para aprender el idioma en un contexto donde puedan interactuar con la cultura e historia costarricense. Los estudiantes hospedan a sus amigos costarricenses durante dos semanas en el otoño para continuar con su experiencia. La cena es una de las actividades realizadas para recaudar fondos durante el año y así asegurar que todos los estudiantes de séptimo nivel participen sin importar sus recursos económicos y asegurar de la misma forma poder traer a los estudiantes costarricenses a nuestra escuela.

Now in its 13th year, the Costa Rica Exchange is a 2-year program led by Sandra Rodriguez, a Costa Rican native. The program integrates curriculum, language, science, service learning and social studies with cultural exchange. Seventh-grade students travel to Costa Rica in the spring to experience Spanish language immersion, gain knowledge of Costa Rican history and experience Costa Rican culture first-hand. Eighth-grade students host their pen pals from Costa Rica for two weeks in the fall following their Central American adventure.

The Costa Rica Dinner is just one of many events throughout the year that raise funds to ensure that all seventh-grade students can participate regardless of means and to bring Costa Rican students to our school.
