

5th Grade Summer work

Your path to starting 5th grade successfully!

Math

The most important thing you should do this summer to get ready for 5th grade math is **MEMORIZE YOUR MULTIPLICATION FACTS, 1-12**

In addition, there are two options to practice other [math skills](#) this summer.

Option 1: EveryDay Math End of Year Math Packet

- Complete the entire packet and bring it with you on the first day of school day
- You **MUST** show **ALL** calculations

Option 2: IXL Practice

- There are many topics to choose from, choose **SEVEN**
- You must choose at least one from each **CATEGORY**
- Achieve at least **80%** accuracy

Language Arts

There is a READING and WRITING assignment for you to complete

READING

- Read **AT LEAST FOUR (4)** books of your choice this summer
- Track your reading. There are two options:
 - Option 1: Paper Reading Log
 - Option 2: Online Reading Log through The Free Library of Philadelphia

WRITING

- Create an **ADVERTISEMENT** for the **BEST** book you read this summer.

Again, there are two options:

- Poster
- Movie Trailer

Can't wait to work with you next year!!

*Love your teachers,
Kim and Bianca*
